# Lid-on-Pouch

## Convenient and functional for everyday care

Weener Plastics has developed a standard Lid-on-Pouch for a range of wet wipe applications. The product, with optional In-Mould Label, has an elegant design that improves retail shelf presence.

The restyled Lid-on-Pouch has an enhanced functionality for the consumer. The robust lid can be conveniently opened and re-closed indefinitely.

It is a cost-effective solution that ensures the quality of the product within the pouch is maintained throughout its use. Low minimum order quantities are possible and no custom mould investment is required for the customer.

The lightweight Lid-on-Pouch is fully recyclable under recycling logo 5 for polypropylene.

### Unique Selling Points

- Lids available in various colours
- Option for branding via In-Mould Label (IML)
- Cost-effective
- Low minimum order quantity
- Improved functionality
- Protects the product contained within the pouch
